---

Dear Mrs. Ross:

On February 23, 2017, the Department conducted a hazardous waste and used oil compliance evaluation inspection (CEI) at your facility. The documentation requested at the conclusion of the inspection was provided to the Department, and it appears that your facility has returned to compliance. Please continue to comply with all state and federal regulations. Keep this communication and inspection report in your records.

Most information received or sent by the Department is public record and is placed in OCULUS, an electronic database. You can view the inspection report and other documents for this facility at the following link: [Havana Waste Oil Service EPA ID FLR000218925](#)

Please contact me if you have any questions about the inspection or any other compliance related issues. Thank you for your cooperation.
