RE: RCRA Facility Assessments (RFA) for Safety Kleen Facilities Located on Tharpe Street and Entrepot Boulevard. EPA ID Numbers FLD 000 776 773 and FLD 982 133 159.

Dear Mr. Backer:

This is to inform you that John E. Griffin and Donald Trussell, representatives of Department of Environmental Regulation, will be conducting a site visit on March 9, 1990. The trip has been coordinated with EPA, who may also send a representative. This site visit will be used to develop a Resource Conservation and Recovery Act (RCRA) Facility Assessment (RFA) pursuant to Section 3004(U) of the 1984 Hazardous and Solid Waste Amendments (HSWA) of RCRA.

The intent of the RFA is to develop a list of Solid Waste Management Units (SWMUs) which may exist at your facilities and to determine any additional data gathering which may be needed. This information will be used to evaluate the potential for releases of hazardous waste or hazardous constituents from any SWMUs which may exist at your facilities.

If you have any questions on this matter, please call John E. Griffin at 904/488-0300.

Sincerely,

Satish Kastury  
Environmental Administrator  
Hazardous Waste Regulation
