Brad,

Thank you for the draft permit. We have the following comments:

- On page 1 the address is wrong - 173th Ave instead of 137th
- I suggest referring to the [ICP] Plan referenced (differently) throughout the permit as the ICP/SPCC.
- Request removal of Item 9, Page 13 of 22, as applicable. The analysis plan was removed from the permit application as CEMEX Miami no longer operates an on-site lab. The application stated that CEMEX would receive a certificate of analysis with each shipment (see Attachment 3 of application, revised 2/9/2018 - Detailed Process Description.

Please let me know if you have any other questions. We look forward to receiving the final permit.

Thank you,
Tammy
