October 1, 1997

Mr. Gary Allen
International Petroleum
105 Alexander Street
Plant City, FL 33566

Dear Gary,

I did a little research regarding the location that your waste has been taken to, and found that it has varied between the Falkenberg road facility and the McKay Bay burn center. I am going to make an indication on our work orders that your waste only be taken to McKay Bay.

I hope this information has been of help to you. If you have any questions, please feel free to call me at 813-248-3802, xt. 6218. We look forward to further servicing your business.

Best regards,

Barry Franklin
Sales Manager

August 18, 1995

Mr. Frank Shibetti
International Petroleum Corporation
105 South Alexander Street
Plant City, Florida 33566

SUBJECT: Jiffy Lube International, Inc.
Used Antifreeze Classification/Sampling

Dear Mr. Shibetti:

This letter is being sent as a follow-up to my earlier letter dated April 11, 1995. This letter discussed the sampling procedures Jiffy Lube International, Inc. (JLI) would be following to prove that used antifreeze generated at our quick lube locations could be handled as a non-hazardous waste. It had been agreed that IPC would consider this type of testing to be acceptable for continuing to manage JLI's used antifreeze as a non-hazardous waste.

Results of the used antifreeze analytical tests are enclosed for your review. Based on these results, the used antifreeze can be characterized as a non-hazardous waste. The sampling indicated the following results for the test parameters required by the State of Florida:

- TCLP lead - all samples were below the analytical detection limit of 1 mg/l
- TCLP benzene - all samples were below the analytical detection limit of 100 ug/l
- TCLP tetrachloroethylene - all samples were below the analytical detection limit of 100 ug/l
- TCLP trichloroethylene - all samples were below the analytical detection limit of 100 ug/l

These samples were collected consist with the sampling protocol outlined in my April 11 letter, with the exception that all samples were not collected within one month of the letter. With this data, JLI believes that we can confidently continue to handle our used antifreeze as a non-hazardous waste. No further sampling will be conducted unless generation practices for this material change which could affect its ability to pass the TCLP testing criteria. Any additional testing of used antifreeze will be not paid for by JLI.

Mr. Frank Shibetti
August 18, 1995
Page 2

Thank you for your cooperation in this matter. If you have any questions concerning this letter, please call Mr. Walid Samarneh at (713) 546-6847 who is now coordinating environmental compliance issues for JLI.

Sincerely,

Brenda L. Clark

Brenda L. Clark

NON-HAZARDOUS CERTIFICATION

I, the undersigned, under penalty of law do hereby certify to the best of my knowledge, the recyclable material submitted for acceptance to International Petroleum Corporation is not a listed hazardous waste and does not exhibit any of the characteristics of a hazardous waste as defined in 40 CFR 261 of the toxicity characteristic revision rules as specified in the March 28, 1990 Federal register. I further certify that the recyclable material submitted for acceptance to International Petroleum Corporation is classified as non hazardous in its state of generation, and that I am authorized to execute this document.

INITIAL _____

TOXIC SUBSTANCE CONTROL ACT

I, the undersigned, under penalty of law do hereby certify that the materials submitted for acceptance to International Petroleum Corporation does not contain any detectable concentrations of PCB's as defined in Section 6 (E) of TSCA (ISUSC2605) and (40 CFR Part 761).

INITIAL _____

CERTIFICATION

I, certify or penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system or these persons responsible for gathering information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

NON-HAZARDOUS CERTIFICATION
 I, the undersigned, under penalty of law do hereby certify to the best of my knowledge, the recyclable material submitted for acceptance to International Petroleum Corporation is not a listed hazardous waste and does not exhibit any of the characteristics of a hazardous waste as defined in 40 CFR 261 of the toxicity characteristic revision rules as specified in the March 28, 1990 Federal register. I further certify that the recyclable material submitted for acceptance to International Petroleum Corporation is classified as non hazardous in its state of generation, and that I am authorized to execute this document.

TOXIC SUBSTANCE CONTROL ACT
 I, the undersigned, under penalty of law do hereby certify that the materials submitted for acceptance to International Petroleum Corporation does not contain any detectable concentrations of PCB's as defined in Section 6 (E) of TSCA (ISUSC2605) and (40 CFR Part 761).

CERTIFICATION
 I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system or these persons responsible for gathering information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

REPORT OF INFORMATION

Parameter	Unit	Limit	Expected Value	Range	Correlation
TCLP Benzene	ug/L	80200	2240	3400 29.4	

The above information is intended to highlight exceptional data as compared to the upper control limits (Limit) established for each of the parameters. Range exceedance are flagged by integer values in the Range column. The Expected values are derived from historical data. Expected is computed as either the mean or computed directly from another parameter using linear regression. All known correlation rule exceedance are listed as enumerated rule numbers in the Correlation column. Correlation pair rules are defined on the last page.

Mr. Ken Davis
Manager Test and Lab Services
CSX Transportation, Inc.
Haines Avenue Extension
Waycross, GA 31501

FAX : 912-287-4724

Dear Ken:

Thank you for your inquiry regarding the Chlorine content of railroad oils using Lyondell Supreme XL Railroad Additive. Any railroad oil blended with Lyondell Supreme XL Railroad Additive should typically contain 1400 parts per million (ppm) Chlorine in the finished oil. Since Chlorine is not consumed during the oil's use, 1400 ppm Chlorine would be expected to remain in the used oil.

If you have any questions or need additional information call at our 800 number.

Very truly yours:

A handwritten signature in cursive script that reads "Cline A. Tincher".

Cline A. Tincher
Product Manager

Annual Report by Used Oil and Used Oil Filter Handlers*

(*Handlers are any persons subject to the registration requirements of Rule 62-710.500 and 62-710.850, F.A.C. [see Section A, Box 5 below])

For reporting period January 1, 199__ through December 31, 199__

Use the information recorded in your Record Keeping forms (62-710.900(2)) to complete this document.

SECTION A To be completed by all registered persons

1. Company Name: International Petroleum Corp Telephone No. (813) 754-1504

Mailing Address 105 S. Alexander Street
Plant City, Fl. 33564

3. EPA ID# FLD 065 680 613

Check box if changed since last registration

4. Name of person preparing report (please print) Dale A. Shinskey

Affiliation with business Controller / Treasurer

Phone number (if different than Number 2, above) (813) 752-8755

5. Type of operation (check as many as apply)

Used Oil: Transporter Transfer Facility Processor Marketer Burner of off-spec used oil

Used Oil Filter: Processor

SECTION B To be completed by all registered used oil handlers. Note: Filter operations complete Section C (Optional)

	Automotive	Industrial	Mixed
1. Amount (in gallons) of Used Oil and Oily Waste Collected	4,730,590	75,969	13,473,232
2. Amount (in gallons) of Used Oil and Oily Waste Marketed, Disposed of or End Used			
N - Not an end use, transferred to another facility			
O - Marketed as an on-spec used oil fuel			9,071,150
F - Marketed as an off-spec used oil fuel			
I - Marketed for an industrial process			5,571,133
B - Burned as off-spec used oil fuel			
D - Disposal			
Landfilled			
Wastewater-Treatment Unit			3,268,220
Incinerator			
Other			
3. Total amount (in gallons) of used oil collected (Total of boxes from Part 1 of this section) <u>18,279,791</u>	4. Total amount (in gallons) of used oil end used (Total of boxes from Part 2 of this section) <u>17,910,503</u>		

5. End of year, on hand estimate (Difference between the amounts in boxes 3 and 4 above) 369,288

Section C (Optional)

To be completed by Filter Handlers (use table in Direction 1 to convert tons of filters to numbers)

1. Number of used oil filters collected	1,046,175
2. Number of used oil filters end used	
transferred to another registered facility	
burned for energy recovery in WTE	
recycled at metal foundry	1,046,175
TOTAL	1,046,175
3. End of year, on-hand estimate (difference between totals of lines 1 and 2)	-0-
4. Gallons of used oil collected as a result of filter processing	6,288
5. Gallons of used oil transferred to a used oil handler	6,288
6. Volume of oily waste collected as a result of filter processing	-0-
7. Volume of oily waste managed	-0-
8. Description of oily waste management	

Directions for completing section C (Optional)

1. List the number of used oil filters collected using the following table

One 55-gallon drum of crushed used oil filters = approximately 400 used oil filters
One 55-gallon drum of uncrushed used oil filters = approximately 250 used oil filters
One ton of drained used oil filters = approximately 2,350 used oil filters

- List the number of used oil filters according to how they were managed by your operation. Enter the sum of all end use categories in the bold block.
- Enter the number of filters on hand at your site as of Dec. 31 of last year.
- Fill in the gallons of used oil collected by your filter operation.
- Enter the gallons of used oil transferred to a used oil transporter or processor.
- List the volume (gallons or cubic yards) of the oily wastes collected through your filter handling. Oily wastes are defined in 62-710.200(1) and include bottom sludges, sorbents, wipes etc.
- List the volume (gallons or cubic yards) of the oily waste managed by your operation.
- Describe how these oily wastes were managed (sent to WTE, hazardous waste facility etc.).

Any questions concerning this form may be referred to the Used Oil Coordinator, Hazardous Waste Management Section, Bureau of Solid and Hazardous Waste, Department of Environmental Protection, 2600 Blair Stone Road, Tallahassee, FL, 32399-2400, (904) 488-0300.

Instructions for Used Oil Registration Form

DSP Form #62-710.600(1)
Form This Application for Registration
Used Oil and Used Oil Filter Handlers
Effective Date June 8, 1995

Use this form to comply with the requirements for registration of used oil and used oil filter transportation and processing operations found in Sections 620-710.500 and 62-710.8509, Florida Administrative Code (F.A.C.).

Who must register?

1. Each person who transports over public highways used oil in shipments greater than 55-gallons.
2. Each person who processes used oil for recycling.
3. Each person who markets used oil.
4. Each person who burns off-specification used oil fuel for energy recovery.
5. Each person who transports for hire used oil filters.
6. Each person who accepts shipments of segregated used oil filters from a non-registered person.
7. Used oil filter transporters and transfer facilities.
8. Used oil filter processors.

Who must certify?

1. Any person transporting over public highways more than 500 gallons of used oil annually, except those exempted under 62-710.600(1), F.A.C.

Definitions

1. "Used oil processing" means chemical or physical operations designed to produce from used oil, or to make used oil more amenable for production of, fuel oils, lubricants, or other oil-derived products. Processing includes: blending used oil with virgin petroleum products, blending used oils to meet the fuel specifications, filtration, simple distillation, chemical or physical separation.
2. "Used oil marketer" means any person who: a) directs a shipment of off-specification used oil from their facility to a used oil burner, or b) first claims that used oil that is to be burned for energy recovery meets the used oil fuel specifications set forth in Part 279.11 of the Chapter 40 of the Code of Federal Regulations (CFR).
3. "Used oil burner" means a facility where used oil not meeting the specifications in 40 CFR, Part 279.11 is burned for energy recovery in devices identified in 40 CFR Part 279.61(a).
4. "Used oil filter" means any device which is an integral part of an oil flow system, the primary purpose of which is to remove contaminants from the flowing oil contained within the system and, as a result of use, has become contaminated and unsuitable for its original purpose, is removed from service, and contains entrapped used oil.

Section 1

Business Name: Give the business name under which you are applying for registration.

DBA: If you are doing used oil business at your facility location under a fictitious name other than the business name listed above, you are required to submit these fictitious names on your application in order for your registration number to apply to these operations.

FEID: Your federal employer identification number, or your social security number used for tax purposes.

Section 4

Your EPA ID number (obtained by submitting EPA Form 8700-12 to this Department) will serve as your used oil activity identification number. If you are renewing your registration number will remain the same from year to year. However, your registration number must be updated annually. Your registration will be valid from July 1 of the year of registration or the initial registration to June 30 of the following year. There is one registration fee of \$100.00 per site, regardless of the number of used oil activities your business is involved in at that site.

Section 5

Each person who fills out this registration form must sign the General Certification clause (5a). Each person who transports over public highways more than 500 gallons of used oil annually, except those exempted under 62-710.600(1), F.A.C., must sign the Specific Certification (5b).

62-710.600 Certification of Used Oil Transporters

(1) Any person who transports over public highways after January 1, 1990, more than 500 gallons of used oil annually, not including oily waste, shall be a certified used oil transporter, except:

(a) Local governments or private solid waste haulers under contract to a local government that transport used oil collected from households to a public used oil collection center; or

(b) Persons who transport less than 55 gallons of used oil at one time that is stored in tightly closed containers which are secured in a total enclosed section of the transport vehicle.

Any questions concerning this form may be referred to the Used Oil Coordinator, Hazardous Waste Management Section, MS 4555, Bureau of Solid & Hazardous Waste, Department of Environmental Protection 2600 Blair Stone Road, Tallahassee, FL 32399-2400, phone (904) 488-0300

Application for Registration Used Oil
and Used Oil Filter Handlers*

(*Handlers are any persons subject to the registration requirements of Rule 62-710.500 and 62-710.850,4, F.A.C. [see Item 4b below])
For registration period July 1, 1997 through June 30, 1998
Please print or Type Form

1. Business Name International Petroleum Corp FEID No. 59-2459425
DBA (Doing Business As) International Oil Service Telephone No. (813) 754-1504
Business Mailing Address: 105 S. Alexander Street
City: Plant City State: Florida Zip Code: 33566
Site Address: same
City: State: Zip Code:
Latitude/Longitude: 28:00:30 : 82:08:00 : , or Section 30 Township 28 Range 22E
(This information may be found on property deeds or determined from a Florida DOT County Road Map)

2. Facility Owner Name: International Petroleum Corp Telephone No. (813) 754-1504
Address 105 S. Alexander Street
City: Plant City State: Florida Zip Code: 33566

3. Facility Operator's Name (if different from owner)
Operator's Name: Garry R. Allen Telephone No. (813) 754-1504

4. Make \$100.00 fee check or money order payable to Florida Department of Environmental Protection

4a. Registration Status: ___ New ___ X ___ Renewal EPA ID No. FLD 065 680 613

4b. Check boxes which apply to your used oil/used oil filter activity(ies).

Used Oil: [X]Transporter []Transfer Facility [X]Marketer [X]Processor [X]Burner of off-spec used oil

Used Oil Filter: [X]Transporter [X]Transfer Facility []Processor []End User

5. Certification

5a. General Certification to be signed by all Registrants:
To the best of my knowledge and belief I certify the information provided in this application is true, accurate and correct.

Frank Shibetti -- Vice President [Signature] 02/26/97
Name of Authorized Person (Print or Type) Signature of Authorized person Date

5b. Specific Certification to be signed by all Used Oil Transporters
(Except those exempted by Rule 62-710.600(1), F.A.C.)
I certify as a Used Oil Transporter that the training program and financial responsibility required under Section 62-710.600, F.A.C., is in place, current and being adhered to. If any modifications have been made to the originally approved training program, they are explained in the attachments to this registration form. Evidence of financial responsibility is demonstrated by the attached Used Oil Transporter Certificate of Liability Insurance, DEP form 62-710.900(4).

Frank Shibetti - Vice President [Signature] 02/26/97
Name of Authorized Person (Print or Type) Signature of Authorized person Date
