---

Dear Mrs. Brandenburg:

On March 28, 2018, the Department conducted a hazardous waste and used oil compliance evaluation inspection (CEI) at your facility. The documentation requested at the conclusion of the inspection was provided to the Department, and it appears that your facility has returned to compliance and the outstanding violation was closed. Please continue to comply with all state and federal regulations. Keep this communication and inspection report in your records.

Most information received or sent by the Department is public record and is placed in OCULUS, an electronic database. You can view this and other documents for this facility at the following link: [Cliff Berry Port Everglades FLR000083071](#)

Please contact me if you have any questions about the inspection or any other compliance related issues. Thank you for your cooperation.

Regards

**Norva Blandin, MSEM**
