RE: Used Oil Registration Compliance

Dear Mr. Snedegar:

The purpose of this letter is to advise you of possible violations of law for which you are responsible, and to seek your cooperation in resolving this matter.

It has come to the Department's attention that Speedy Oil Environmental, LLC is currently operating as an unregistered used oil and used oil filter transporter and transfer facility located at 6940C Mission Lane, Fort Myers, Florida. State and federal law (Chapter 403, Florida Statutes (F.S.), Chapter 62-710, Florida Administrative Code (F.A.C.) and 40 Code of Federal Regulations (C.F.R) Part 279) requires notification of your regulated waste activities and annual registration of your used oil handling activities with the Department.

You are not authorized to transport used oil, used oil filters and/or operate a transfer facility without an EPA Identification Number and valid registration.

Violations of Florida Statutes or administrative rules may result in liability for damages and restoration, and the judicial imposition of civil penalties, pursuant to Sections 403.121, 403.161 and 403.758, Florida Statutes.

Please be advised that this letter is part of an agency investigation, preliminary to agency action in accordance with Section 120.57(5), Florida Statutes. The following documents are required to register your used oil handler activities:

- Florida Notification of Regulated Waste Activities (Form 62-730.900(1) (b) 8700-12 FL),
- Used Oil and Used Oil Filter Handlers Annual Report (Form 62-710.901(3)),
