Steve,

Please see attached attach complaint investigation I performed a couple of days ago regarding Ms. Bachinski complaint. If there has been another complaint initiated by the folks in Ayerworth Glen this week, I have not received any additional complaints from the community.

Regards

Shawn Burney

Steve,

I received (via direct email) the odor complaint included below re: the Sun Country facility.

It is the EPC's understanding that SWD staff continue to address these matters and currently Department enforcement or pre-enforcement actions are on-going.

If EPC's involvement in this matter is deemed necessary or warranted, please let me know.

RONALD A. COPE, CHMM

Subject: Re: EPC Complaint #2021-0329H

It once again is nauseating outside.

I guess the investigation went nowhere

INITIAL INVESTIGATION

Investigation Date: 07/27/2021 **Investigator:** Shawn Burney, Environmental Scientist III

Alleged Source: Sun Country Materials

Summary of Initial Investigation: 7/27/21@830am

Complaint observations made at the Intersections of Haddon Mist Rd, Carrick Stone Dr. and Allistar Manor Dr.

EPC staff surveyed the Ayersworth Glen residential community in order to determine if objectionable smells were present within the Ayersworth Glen Community were present. During the Ayersworth Glen Community complaint investigation, EPC staff did not detected any smells within the Ayersworth Glen Community. No wind observed blowing in the direction of the Ayesworth Glen Community during my site visit. The area received rain last night. All engineering controls used to mask smells from Sun Country Materials appeared to be operational. Complaint Closed based on no objectionable smells being detected with the community
