Hi, Amber.

Confirming our call on Wednesday afternoon, please accept this e-mail on behalf of US Ecology as a request to extend the deadline for our response to March 4, 2019 to be consistent with the deadline recently established for solid waste permit response. We understand that this will be the last extension granted by the department.

Please do not hesitate to contact either Ken or myself with any questions or should you require anything further regarding this request. We will be in touch soon.

Best Regards,  
Chris
