Instructions for Used Oil Registration Form

Use this form to comply with the requirements for registration of used oil and used oil filter transportation and processing operations found in Sections 620-710.500 and 62-710.850, Florida Administrative Code (F.A.C.).

Who must register?

1. Each person who transports over public highways used oil in shipments greater than 55-gallons.
2. Each person who processes used oil for recycling.
3. Each person who markets used oil.
4. Each person who burns off-specification used oil fuel for energy recovery.
5. Each person who transports for hire used oil filters.
6. Each person who accepts shipments of segregated used oil filters from a non-registered person.
7. Used oil filter transporters and transfer facilities.
8. Used oil filter processors.

Who must certify?

1. Any person transporting over public highways more than 500 gallons of used oil annually, except those exempted under 62-710.600(1), F.A.C.

Definitions

1. "Used oil processing" means chemical or physical operations designed to produce from used oil, or to make used oil more amenable for production of, fuel oils, lubricants, or other oil-derived products. Processing includes: blending used oil with virgin petroleum products, blending used oils to meet the fuel specifications, filtration, simple distillation, chemical or physical separation.
2. "Used oil marketer" means any person who: a) directs a shipment of off-specification used oil from their facility to a used oil burner; or b) first claims that used oil that is to be burned for energy recovery meets the used oil fuel specifications set forth in Part 279.11 of the Chapter 40 of the Code of Federal Regulations (CFR).
3. "Used oil burner" means a facility where used oil not meeting the specifications in 40 CFR, Part 279.11 is burned for energy recovery in devices identified in 40 CFR Part 279.61(a).
4. "Used oil filter" means any device which is an integral part of an oil flow system, the primary purpose of which is to remove contaminants from the flowing oil contained within the system and, as a result of use, has become contaminated and unsuitable for its original purpose, is removed from service, and contains entrapped used oil.

Section 1

Business Name: Give the business name under which you are applying for registration.

DBA: If you are doing used oil business at your facility location under a fictitious name other than the business name listed above, you are required to submit these fictitious names on your application in order for your registration number to apply to these operations.

FEID: Your federal employer identification number, or your social security number used for tax purposes.

Section 4

Your EPA ID number (obtained by submitting EPA Form 8700-12 to this Department) will serve as your used oil activity identification number. If you are renewing your registration number will remain the same from year to year. However, your registration number must be updated annually. Your registration will be valid from July 1 of the year of registration or the initial registration to June 30 of the following year. There is one registration fee of \$100.00 per site, regardless of the number of used oil activities your business is involved in at that site.

Section 5

Each person who fills out this registration form must sign the General Certification clause (5a). Each person who transports over public highways more than 500 gallons of used oil annually, except those exempted under 62-710.600(1), F.A.C., must sign the Specific Certification (5b).

62-710.600 Certification of Used Oil Transporters

(1) Any person who transports over public highways after January 1, 1990, more than 500 gallons of used oil annually, not including oily waste, shall be a certified used oil transporter, except:

(a) Local governments or private solid waste haulers under contract to a local government that transport used oil collected from households to a public used oil collection center; or

(b) Persons who transport less than 55 gallons of used oil at one time that is stored in tightly closed containers which are secured in a totally enclosed section of the transport vehicle.
