Introduction:

Landstar Ranger, Inc. (Ranger) was inspected on April 30, 2019. At the time of the inspection, the facility was operating as a Hazardous Waste Transporter and Non-Handler of hazardous waste. The facility was last inspected on May 5, 2015. Mr. Wes Pace, (Landstar Transportation Logistics, Inc. (LTL)) was present during the inspection.

Process Description:

LTL provides transportation services to its customers for the transportation of general commodities throughout the United States. The primary business is the shipping of goods and materials. LTL also consists of three different transportation companies at this location that are registered as Hazardous Waste Transporters in the State of Florida. Each has a separate EPA ID number: Ranger (FLR 000 067 157), Landstar Express America, Inc. (FLR 000 099 945), and Landstar Ligon, Inc. (FLR 000 099 937).

According to Mr. Pace, the only hazardous waste shipments are from Department of Energy (DoE) and Department of Defense (DoD) facilities directly to permitted TSDs. No commercial hazardous waste is transported. Ranger is the main LTL company that performs hazardous waste transportation and no waste is brought back to this location. This location is used only as the facility's corporate offices.

Records Review

Records reviewed included Ranger's hazardous waste manifests, financial assurance forms and hazardous waste transporter registration form. Mr. Pace indicated that each vehicle is instructed to download the current Hazardous Waste Transporter Registration from the LTL website and keep a copy in the vehicle prior to transporting any hazardous waste. All records reviewed appeared to be in order.

Inspection Date: 04/30/2019

*****NOTE: As of June 18, 2018, the State of Florida has adopted the recently-updated Federal hazardous waste rules, more commonly known as the Generator Improvement Rule. As a transporter of hazardous waste, your facility may have customers that are impacted by the rule change.

Please see the eCFR site for a copy of the Federal rule at - https://www.ecfr.gov/cgi-bin/text-idx?SID=ab7ac7e8d2fb42037c72a0de5162bcfe&mc=true&tpl=/ecfrbrowse/Title40/40cfrv28_02.tpl#0

The November 28, 2016, Federal Register also has a good discussion about the new requirements <https://www.gpo.gov/fdsys/pkg/FR-2016-11-28/pdf/2016-27429.pdf>

1.0 - Pre-Inspection Checklist

Requirements:

The requirements listed in this section provide an opportunity for the Department's inspector to indicate the conditions found at the time of the inspection. A "Not Ok" response to a requirement indicates either a potential violation of the corresponding rule or an area of concern that requires more attention. Both potential violations and areas of concern are discussed further at the end of this inspection report.

Note: Checklist items with shaded boxes are for informational purposes only.
