Good morning Mr. Propst,

Common Ground Environmental recently notified the Florida Department of Environmental Protection of its status as a Used Oil Transporter (“UOT”). A copy of your most recent notification letter is attached.

To ensure compliance with the Florida DEP and EPA’s hazardous waste and used oil rules and regulations, I have included some pertinent information related to your status.

Attached please find the DEP’s compliance inspection checklist for Used Oil Transporters. You are **not required** to complete this checklist; it is for your reference only. Further information on managing, storing, and transporting used oil and used oil filters may be found on the DEP’s website: <https://floridadep.gov/waste/permitting-compliance-assistance/content/used-oil-recycling>. Please review the this information and feel free to send over any questions you may have.

Sincerely,

Shannon Kennedy
