Hi Ron and all,
As you know, we have issued RAI on March 19, 2020. The response due is April 19, 2020.
You have requested Time extension for additional 30 days, and the RAI response due date is May 19, 2020.
We realized that the permit expires on May 12, 2020, and you are operating without a permit which is not good.
C and E point of view.
Therefore, we Suggest you provide the RAI responses by on or before April 30, 2020, so that we can Issued an Intent for PN before the expiration of the Permit, which is May 12, 2020.

Sorry, if this caused any hardships on this approval.

SPCC Review Comment:

Also, Please make a note: We have received and reviewed the SPCC Plan and overall plan looks good.
However, Plan need to be Signed and Sealed by Florida P.E., not Virginia State, P.E.,(Page 5);

and Documents must be signed by the Owner(Page 6).

If you have any questions, please let me know.

Thanks,

Bheem
