

**Florida Department of  
Environmental Protection  
Hazardous Waste Inspection Report**

---

**FACILITY INFORMATION:**

**Facility Name:** Coastal Oil Recovery LLC  
**On-Site Inspection Start Date:** 07/16/2020 **On-Site Inspection End Date:** 07/16/2020  
**ME ID#:** 133633 **EPA ID#:** FLR000231506  
**Facility Street Address:** 1322 E University Blvd, Melbourne, Florida 32901-7242  
**Contact Mailing Address:** 1322 E University Blvd, Melbourne, Florida 32901  
**County Name:** Brevard **Contact Phone:** Data is missing from FIESTA

**NOTIFIED AS:**

Non-Handler, Used Oil

**WASTE ACTIVITIES:**

**Generator:** Non-Handler **Used Oil:** Transporter, Oil Filters

**INSPECTION TYPE:**

Routine Inspection for Used Oil Transporter Facility

**INSPECTION PARTICIPANTS:**

**Principal Inspector:** John E. White, Inspector  
**Other Participants:** James Moss, Owner

**LATITUDE / LONGITUDE:** Lat 28° 3' 50.4612" / Long 80° 35' 58.7256"

**NAIC:** 484220 - Specialized Freight (except Used Goods) Trucking, Local

**TYPE OF OWNERSHIP:** Private

**Introduction:**

On July 16, 2020, John White, Florida Department of Environmental Protection (FDEP), inspected Coastal Oil Recovery, LLC, for compliance with state and federal used oil regulations. The facility was represented by the owner, James Moss. This was a routine compliance evaluation inspection of the facility for its activities as a used oil transporter.

Coastal Oil Recovery has been located at 1322 E. University Blvd, Melbourne, since April 2019. The facility received EPA identification number FLR000231506 on April 19, 2019. The facility's former location at 4040 Old Dixie Highway, Unit 5, Grant, Florida was closed in June 2019. Coastal Oil Recovery operates two trucks, has one employee and operates Monday through Friday 8:00 AM to 6:00 PM.

**Inspection History:**

Coastal Oil Recovery was last inspected on April 16, 2019, and was in compliance at that time.

**Process Description:**

The facility operates out of a single building that serves as office and warehouse space. Four 55-gallon drums of used oil filters were stored in the warehouse. The drums were in good condition and were properly managed. Used oil filters are stored on-site for less than 30 days.

Mr. Moss utilizes one tanker truck that contains 2 compartments which are designated to store used oil and antifreeze separately. Used oil is emptied every 24 to 48 hours from the tanker truck, and delivered to Vertex Industries in Alabama. Used oil filters are shipped to EMC in Miami, Florida, for recycling. Mr. Moss utilizes a TIF XP-1A sniffer for halogen testing prior to any acceptance of used oil. The sniffer is checked once a week to ensure that it is properly working to identify the presence of halogens in used oil.

The facility's used oil and used oil filter transporter registrations are current through June 30, 2021.

Inspection Date: 07/16/2020

**Conclusion:**

Coastal Oil Recovery, LLC was inspected as a registered used oil transporter and was in compliance at the time of this inspection.

Inspection Date: 07/16/2020

**1.0: Pre-Inspection Checklist**

## Requirements:

The requirements listed in this section provide an opportunity for the Department's inspector to indicate the conditions found at the time of the inspection. A "Not Ok" response to a requirement indicates either a potential violation of the corresponding rule or an area of concern that requires more attention. Both potential violations and areas of concern are discussed further at the end of this inspection report.

**Note: Checklist items with shaded boxes are for informational purposes only.**

Item No.	Pre-Inspection Review	Yes	No	N/A
1.1	Has the facility notified with correct status? 262.18(a)	✓		
1.2	Has the facility notified of change of status? 62-730.150(2)(b)			✓
1.3	Did the facility conduct a waste determination on all wastes generated? 262.11			✓

Inspection Date: 07/16/2020

**Signed:**

A hazardous waste compliance inspection was conducted on this date, to determine your facility's compliance with applicable portions of Chapters 403 & 376, F.S., and Chapters 62-710, 62-730, 62-737 & 62 -740 Florida Administrative Code (F.A.C.). Portions of the United States Environmental Protection Agency's Title 40 Code of Federal Regulations (C.F.R.) 260 - 279 have been adopted by reference in the state rules under Chapters 62-730 and 62-710, F.A.C
