CAUTION - EXTERNAL EMAIL

Good Morning,

During an inspection on August 26, 2020, it was noted the Tank Table, included as Attachment B for used oil processing permit 249477-003-HO is no longer accurate. A new table must be provided to ensure compliance with the current permit. During the inspection, it was found Tank 1 now contains PCW and Tank 5 contains Used Oil.

Please provide an updated Tank Table to Mr. Bradley Buselli, Tallahassee, to update the permit and application.

Thank you
