

**Florida Department of
Environmental Protection
Hazardous Waste Inspection Report**

FACILITY INFORMATION:

Facility Name: 419 Metal & Auto Recycling Center Inc
On-Site Inspection Start Date: 01/05/2021 **On-Site Inspection End Date:** 01/05/2021
ME ID#: 18948 **EPA ID#:** FLR000026625
Facility Street Address: 600 Old Sanford Oviedo Rd, Winter Spgs, Florida 32708-2646
Contact Mailing Address: 600 Old Sanford Oviedo Rd, Winter Spgs, Florida 32708-2646
County Name: Seminole **Contact Phone:** (407) 414-4192

NOTIFIED AS:

VSQG

WASTE ACTIVITIES:

Generator: VSQG **Universal Waste: Indicate types of UW generated and/or accumulated at the facility:**
Generate/Accumulate: Batteries, Mercury Containing Devices **Maximum quantity of UW handled or transported at any time:** Less than 5,000 kg (11,000 lbs); Small Quantity Handler (SQH)

INSPECTION TYPE:

Complaint Inspection for VSQG (<100 kg/month) Facility

INSPECTION PARTICIPANTS:

Principal Inspector: Miranda Rothenberger, Inspector
Other Participants: Amada Fernandez, Inspector; Jerry Dowe, Manager

LATITUDE / LONGITUDE: Lat 28° 42' 24.8102" / Long 81° 17' 45.9262"

NAIC: 441310 - Automotive Parts and Accessories Stores

TYPE OF OWNERSHIP: Private

Introduction:

On January 5, 2021, Miranda Rothenberger and Amada Fernandez, Florida Department of Environmental Protection (FDEP or Department) inspected 419 Metal & Auto Recycling Center Inc (419 Recycling or Facility) for compliance with state and federal hazardous waste regulations in response to a complaint received on December 28, 2020. The complaint claimed that the facility was burning debris on site. The facility was represented by Jerry Dowe, Manager. Site access was granted verbally by the property and business owner, Bart Phillips.

419 Recycling initially notified the state as a Very Small Quantity Generator (VSQG) on March 7, 2012 and receive EPA identification number FLR000026625. The facility most recently notified as a VSQG on February 14, 2014 and retains EPA identification number FLR000026625.

Process Description:

A complete walk through of the property was conducted and found no open flames or evidence of burning. The site generates used oil, used antifreeze, and waste gasoline. At the time of the inspection the following tanks were present:

- Three 300-gallon tanks of used oil
- One 200-gallon tank of used antifreeze
- One 500-gallon tank of used gasoline

The tanks are contained in concrete secondary containment and covered with a metal awning. Mr. Dowe stated that Southern Oil transports these wastes. On January 12, 2021, the Department requested used oil shipment receipts from the last three years. Records for 2019 and 2020 were received on January 25, 2021 and were

419 Metal & Auto Recycling Center Inc Inspection Report

Inspection Date: 01/05/2021

found to be in compliance. Southern Oil Recovery Inc. and Safety-Kleen Systems, Inc. are used as transporters.

There was one shed located east of the used oil tank containments marked "Mercury Switches" at the time of the inspection there was one 5-gallon bucket of used mercury switches for disposal. The switches are managed as hazardous waste.

The property across the street, Parcel ID 3420305AW00000110, is owned by 419 Metal & Auto Recycling Center Inc according to the Seminole County Property Appraiser. This property is leased to AC Recovery Scrap Yard. This property was inspected with site access permission from Mr. Phillips. There was evidence of small fire located in the south east corner of the property. An unknown material was smoking. Mr. Dowe extinguished the smolder. The Department's Solid Waste program is following up on this activity.

Conclusion:

419 Metal & Auto Recycling Center Inc was inspected on January 5, 2021 for compliance with state and federal hazardous waste regulations and was found to be in compliance at the time of the inspection.

Inspection Date: 01/05/2021

1.0: Pre-Inspection Checklist

Requirements:

The requirements listed in this section provide an opportunity for the Department's inspector to indicate the conditions found at the time of the inspection. A "Not Ok" response to a requirement indicates either a potential violation of the corresponding rule or an area of concern that requires more attention. Both potential violations and areas of concern are discussed further at the end of this inspection report.

Note: Checklist items with shaded boxes are for informational purposes only.

Item No.	Pre-Inspection Review	Yes	No	N/A
1.1	Has the facility notified with correct status? 262.18(a)	✓		
1.2	Has the facility notified of change of status? 62-730.150(2)(b)			✓
1.3	Did the facility conduct a waste determination on all wastes generated? 262.11	✓		

419 Metal & Auto Recycling Center Inc Inspection Report

Inspection Date: 01/05/2021

Signed:

A hazardous waste compliance inspection was conducted on this date, to determine your facility's compliance with applicable portions of Chapters 403 & 376, F.S., and Chapters 62-710, 62-730, 62-737 & 62 -740 Florida Administrative Code (F.A.C.). Portions of the United States Environmental Protection Agency's Title 40 Code of Federal Regulations (C.F.R.) 260 - 279 have been adopted by reference in the state rules under Chapters 62-730 and 62-710, F.A.C
