

Hi Karen,

Sorry I missed your call.

Please see attached. I have Jeff's training material. I also have a couple pictures. The 2 drums with rags and trash are now labeled, the wall has been painted, the tank you showed in front of the wall with the white tanks. That is not ours. That must belong to Ryan Petroleum.

This is what I have so far. I will send the rest by end of business tomorrow.

Thanks,

DANGER
