Dear Mr. Kothur:

At the request of January Environmental Services, Inc. (Permittee/Client), GeoTech Environmental, Inc. (GeoTech) is submitting the Application Form for the Used Oil Processing Permit (DEP Form 62-710,901(6)(d)), F.A.C and the Application to Construct, Operate, or Modify a Waste Processing Facility (DEP Form 62-701,900(4)), F.A.C for the Florida Department of Environmental Protection (FDEP/Department) review (see attached).

As per our discussions, and the fact that the permits are due to expire on April 16, 2022, the Department has requested submitting the two applications without supporting documentation(s). To that end, GeoTech is requesting a sixty (60) calendar day time extension to provide the necessary documents.

The appropriate permit review/renewal fees to process the two applications have been provided to the Department and a copy of said checks are attached.

Should you have any questions, or require any additional information, please do not hesitate to contact me at 954 347 8684 or via electronic mail at neil@geotech-usa.com.

Sincerely yours,

GEOTECH ENVIRONMENTAL, INC
