Tallahassee, FL 32399

Re: Clean Harbors Florida LLC, 7001 Kilo Avenue, Bartow, FL 33830 Permit Required Notification (FLD980729610).

Dear Ms, Kruchell,

Per the notification requirement found in Part II, Subpart B – Specific Operating Condition, #2. Specific Operating Conditions for Tanks, h. Clean Harbors found during a recent annual thickness testing event that the following hazardous waste tanks have a portion(s) with a thickness less than the minimum limits stated in specific condition 2.h.

Tank #'s: T-102, T-103, T-104, T-107.

These tanks were taken out of service, and Clean Harbors will be evaluating them for repair or replacement. Once a decision has been made, Clean Harbors will communicate with the Department.

If you have any questions or require any additional information regarding this matter contact me at jeff.curtis@safety-kleen.com.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jeff Curtis".
