Florida Department of Environmental Protection Ms. Kathy Winston, CHMM Environmental Consultant Hazardous Waste Compliance S.E District 400 N. Congress Ave, 3<sup>rd</sup> Floor West Palm Beach, Florida 33401-2319

Re: CEMEX Construction Materials Florida, LLC - Miami Cement Plant EPA ID#: FLD981758485 Hazardous Waste Inspection Report 2/24/2015

Dear Ms. Winston:

Please find enclosed all information including related manifest and photographs showing that CEMEX has remedied all inspection deficiencies noted in the February 24, 2015 inspection report.

#### Item 1 Please move batteries at the quarry mobile shop exposed to elements undercover.

Response: Photos marked are attached.

Item 2 Please send a photo of the lab waste drum properly closed.

The drum was closed at the time of the inspection, the two attached photos show the drum before and after removing the wide mouth funnel. As you can see the wide mouth of the funnel allows it to sit on top of the drum without tipping, the two bung drum holes were shown along with the funnel atop the drum at the time of the inspection.

Response: Photos marked are attached

#### Item 3 Please supply a manifest for empty aerosol cans for last three years

If you have any questions concerning this information please contact me at (305) 229-2955

Sincerely,

Charles Walz Charles E Walz Environmental Manager - Miami Cement Plant - Environmental - United States of America Office : +1305(229)2955 , Fax: +1305(229)8015 , Mobile: +1305(586)8379

Address: 1200 NW 137th Ave Miami, Florida 33182 e-Mail: Charles.Walz@CEMEX.com

# **Glycol Waste Barrel**

Funnel was on top but lid was closed when I inspected.

## With funnel off the top of the barrel.
