Subject: Training Records for Used Oil Processing

Good morning Mr. Eckoff,

Please find attached training records for the used oil processing. I apologize I was unable to be there last week, but was in training at our home office. All training records have been requested from our safety dept. and copies have been placed in the used oil transportation and processing training book for future reference.

If you should need anything else, please don't hesitate to ask.

Best Regards,
Mark
