The Department of Environmental Protection hereby provides Notice of Intent to issue a permit for the proposed project, subject to the conditions specified in the draft permit and summarized below. The applicant, City of Miramar, Francois A. Because the administrative hearing process is designed to formulate final agency action, the subsequent order may modify or take a different position than this action. A person whose substantial interests are affected by the Department s action may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57, F.S. Pursuant to Rules 28-106.201 and 28-106.301, F.A.C., a petition for an administrative hearing must contain the following information: (a) The name, address, and telephone number of each petitioner, the applicant s name and address, the Department Permit File Number and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of the Department s action or proposed action; (c) A statement of how each petitioner s substantial interests are affected by the Department s action or proposed action; (d) A statement of all material facts disputed by petitioner, if there are none, the petition must so indicate; (e) A statement of facts which petitioner contends warrant reversal or modification of the Department s action or proposed action; (f) A statement of which rules or statutes the petitioner contends require reversal or modification of the Department s action or proposed action; and (g) A statement of the relief sought by petitioner, stating precisely the action petitioner wants the Department to take with respect to the Department s action or proposed action. The petition must be filed (received by the Clerk) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399- 3000, or via electronic correspondence at Agency_Clerk@dep.state.fl.us. Also, a copy of the petition shall be mailed to the applicant at the address indicated above at the time of filing. In accordance with Rule 62-110.106(3), F.A.C., petitions for an administrative hearing by the applicant must be filed within 14 days of receipt of this written notice. Petitions filed by any other persons must be filed within 14 days of publication of this notice or receipt of the written notice, whichever occurs first. The failure to file a petition within the appropriate time period shall constitute a waiver of that person s right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention (in a proceeding initiated by another party) will be only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C. Any person may submit comments or request a public meeting regarding the proposed permitting decision pursuant to Section 403.722(10), F.S. A request for a public meeting is not equivalent to a request for a formal or informal administrative hearing. Public meetings are not evidentiary in nature, and information submitted at a public meeting is for non-binding consideration only. A public meeting is not subject to court or appellate review. Any comment or request for a public meeting must be filed (received) in the Office of General Counsel, Agency Clerk, within 45 days of publication of this notice, unless such period is extended by the Department.
