Dear Mr. Piotrowsky:

Thank you for your August 17, 2023, response to the July 21, 2023, First Request for Additional Information for the above referenced facility. A Department staff review of the RAI response indicates that the application is incomplete. Pursuant to the provisions of Rule 62-710.800(3), Florida Administrative Code (F.A.C.) and Chapter 403.722, Florida Statutes (F.S.), all processing of the application is suspended when a permit application is deemed incomplete. Please provide the information listed below and refer to this correspondence in your response.

1. **Financial Assurance:** The cost estimate for closure, submitted with the application is approved. However, a financial instrument reflecting the approved cost estimate has not been provided. Please provide the required documentation for your financial instrument demonstrating that your facility has financial assurance in the amount of the approved cost estimate.

In order for the Department to continue processing your application, please submit the information requested as soon as possible, and refer to this correspondence in your response. The Department must receive a response within 30 days of the date of this letter, or October 11, 2023. Pursuant to subsection 62-710.800(3), F.A.C. and Section 120.60, F.S., failure of an applicant to provide the timely requested information by the applicable deadline may result in the facility needing to cease operations and/or denial of the application.
