Appendices

Appendix A -	Correspondence with Local Authorities	11
Appendix B -	Emergency Contact List	12
Appendix C -	Emergency Equipment	14
Appendix D -	Evacuation Routes	16
Appendix E -	Site Location Map & Site Layout Photograph	18
Appendix F -	Material Inventory List	20
Appendix G -	Material Safety Data Sheets	22

- a. Applicable ordinances or regulations are revised;
- b. The plan fails in an emergency;
- c. The facility changes in a manner that materially increases the potential for fires, explosions, or the release of hazardous materials / waste, or changes the response necessary in an emergency,
- d. The Emergency Coordinators change,
- e. The list of emergency equipment changes.

In the event of revisions to this plan, a revised copy will be submitted to the authorities identified in Section 4.0. A revised copy of this plan will also be maintained at the facility and office.

7.0 Emergency Coordinators

The following identifies the facility's primary and alternate emergency coordinators (EC):

Primary: John P. "Shawn" Lennon, Jr.
General Manager
(954) 583-3795 (office)
(954) 296-3873 (cell/Home)

Work - 3670 S.W. 47th Avenue, Davie, FL 33314

Alternate: Ryan Mohansingh
Operations Manager
(954) 583-3795 (office)
(954) 607-3204 (cell/Home)

Work - 3701 S.W. 47th Avenue, Suite 109, Davie, FL 33314

At all times, there will be at least one EC either at the facility or on call who is available to respond to an emergency by reaching the facility within a short period of time (1 hour drive) and has the responsibility of coordinating all emergency response activities. The EC will be familiar with all aspects of this plan, all operations, and activities at the facility, the location and characteristics of the waste handled, the location of all records within the facility, and the facility layout. Additionally, the EC has the authority to commit the resources needed to carry out this plan.

8.0 Emergency Procedures

8.1 Identifying Releases and Hazards

Whenever there is a release, fire, or explosion, the EC will immediately identify the characteristics, exact source, amount, and a real extent of any released

Appendix C

Facility Emergency Equipment

Equipment	Quantity	Type	Capabilities
Communication System	2	Telephone, Radio	Call Emergency Responders/Numbers. Alert workers
Fire Alarm	1	Horn	Warn in case of Fire
Fire Hydrants	1	Water	Put out fire
Fire Extinguisher	9	ABC (dry chemical)	Put out fire
Safety Shower	1	Water	Clean in case of emergency
Eye Wash	2	Water	Clean in case of emergency
Respirators	2	Full face with cartridges	Purify air
Spill Pads	1 roll	Synthetic	Clean up spill
Spill Kits	7 drums	Clay	Clean up spill
Empty Drums	25 to 100	1A1 Steel	Clean up spill, store material
Spill Pumps	2	Diaphragm	Pump up material
First Aid Kits	1	Industrial	Provide First AID
Pressure Washer	2	2,500 psi	Clean up area/spill

Refer to the enclosed referenced facility map for the location of the above referenced equipment.

SPILL PREVENTION, CONTROL, AND COUNTERMEASURE PLAN

Triumvirate Environmental Services, Inc.

May 2007
Updated July, 2023

Prepared for:

Triumvirate Environmental Services, Inc.

3670 SW 47th Avenue
Davie, Florida 33312

Project No. 1015

CERTIFICATION OF SUBSTANTIAL HARM DETERMINATION FORM

FACILITY NAME: Triumvirate Environmental Services Inc.

FACILITY ADDRESS: 3670 SW 47th Avenue, Davie, Florida 33314

1. Does the facility have a maximum storage capacity greater than or equal to 42,000 gallons and do the operations include over water transfer of oil to or from vessels?

Yes _____ No X

2. Does the facility have a maximum storage capacity greater than or equal to one million (1,000,000) gallons and is the facility without secondary containment for each aboveground storage area sufficiently large to contain the capacity of the largest aboveground storage tank and precipitation within the storage area?

Yes _____ No X

3. Does the facility have a maximum storage capacity greater than or equal to one million (1,000,000) gallons and is the facility located at a distance (as calculated using the appropriate formula in Attachment C-III or an alternative formula* considered acceptable by the RA) such that a discharge from the facility could cause injury to fish, wildlife, and sensitive environments?

Yes _____ No X

4. Does the facility have a maximum storage capacity greater than or equal to one million (1,000,000) gallons and is the facility located at a distance (as calculated using the appropriate formula in Attachment C-III or an alternative formula* considered acceptable by the RA) such that a discharge from the facility would shut down a public drinking water intake?

Yes _____ No X

5. Does the facility have a maximum storage capacity greater than or equal to one million (1,000,000) gallons and, within the past 5 years, has the facility experienced a reportable spill in an amount greater than or equal to 10,000 gallons?

Yes _____ No X

*If an alternative formula is used, documentation of the reliability and analytical soundness of the alternative formula must be attached to this form.

CERTIFICATION – INCLUDES ALL SUBSTATIONS

I certify under penalty of law that I have personally examined and am familiar with the information submitted in this document, and that based on my inquiry of those individuals responsible for obtaining this information, I believe that the submitted information is true, accurate, and complete.

Davie, Florida 33314

Re: FLD 981 018 773 – Triumvirate Environmental Services, Inc.

Dear Mr. McQuillan:

I reviewed the documentation submitted to demonstrate financial assurance for the above referenced facility and find it is in order. Atlantic Specialty Insurance Company bond rider, effective on April 25, 2024, increases the penal sum of guarantee bond number 800113464 to \$581,252.89. This adequately covers the Department approved closing cost estimates, dated February 6, 2024. In addition, your standby trust fund agreement with Webster Bank, National Association remains in good standing. Therefore, the Triumvirate Environmental Services, Inc. (Ft. Lauderdale) used oil facility is in compliance at this time with the financial assurance requirements of Rule 62-701.630, Florida Administrative Code, which adopts 40 CFR Part 264, Subpart H by reference.

Please contact me at (850) 245-8740 if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "SEldredge".

Davie, Broward County, Florida

Dear Mr. Barry:

Enclosed is Permit Number(s) 77390-013-HO/ 77390-014-SO for the Operation of a Used Oil and Material Processing. This permit is being issued pursuant to Section 403.722, Florida Statutes (F.S.), and Chapters 62-4, 62-160, 62-701, 62-730, 62-740, 62-762 and 62-780, Florida Administrative Code (F.A.C.).

Upon issuance of this final permit, any party to this action has the right to seek judicial review of it under Section 120.68, F.S. by the filing of a notice of appeal under Florida Rules of Appellate Procedure 9.110 and 9.190 with the Clerk of the Department of Environmental Protection in the Office of General Counsel (Mail Station #35, 3900 Commonwealth Boulevard, Tallahassee, Florida 32399-3000) and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate district court of appeal. The notice must be filed within 30 days after this order is filed with the Clerk of the Department.

This registration does not authorize the transporter to handle universal waste lamps or devices which are destined for land disposal. The transportation or handling of universal waste lamps or devices destined for disposal is subject to our hazardous waste management regulations under Chapter 62-730, Florida Administrative Code (F.A.C.).

The renewal notice for this registration will be sent to the contact person on your application. If any of your facility's information changes, please notify the Department using the Florida Notification of Regulated Waste Activity, DEP Form 62-730.900(1)(b), F.A.C.

If you have any questions, you may contact me at (850)245-8705 or *Jeff Gregg*.

The Florida Department of Environmental Protection has reviewed your application for registration as a transporter or handler for universal waste lamps and devices destined for recycling. Based on the information received, the facility located at **3670 SW 47th Ave, Davie, FL 33314** has been registered through **March 1, 2025** with the following status:

Facility ID # **FLD981018773**
Transporter of Universal Waste Lamps and Devices
Transfer Facility for Universal Waste Lamps
Transfer Facility for Universal Waste Devices
Small Quantity Handler Facility for Universal Waste Lamps and Devices
(Less than 2,000kg of Lamps (8,000) and/or 100kg of Devices at any one time)

Requirements for packaging, training and recordkeeping for transporters and handlers of universal waste lamps or devices destined for recycling are contained in Chapter 62-737, Florida Administrative Code (F.A.C.). These requirements are simple, flexible, and make good business and environmental sense. The requirements and fact sheets summarizing them can be found on the following website: <http://www.dep.state.fl.us/waste/categories/mercury/pages/registration.htm>

This registration does not allow you to transport or handle universal waste lamps or devices which are destined for landfill or any other disposal. The transportation or handling of universal waste lamps or devices destined for disposal is subject to our hazardous waste management regulations under Chapter 62-730, Florida Administrative Code (F.A.C.).

The renewal notice for this registration will be sent to the contact person on your application. If any of your facility's information changes, please notify the Department using the Florida Notification of Regulated Waste Activity, DEP Form 62-730.900(1)(b), F.A.C.

If you have any questions, you may contact me at (850)245-8705 or Jeff.Gregg@dep.state.fl.us.

Sincerely,

Susan L. Horlick for
