Tallahassee, Leon County, Florida

Dear Mr. Blake:

The purpose of this letter is to provide notice that the permit numbered 09207-011-HO will expire on **March 14, 2025**. Prior to one hundred-eighty (180) calendar days before the expiration of this permit, an application for the renewal of the permit shall be submitted on forms¹ and in a manner prescribed by the Department and as stated in your permit. Your application should voluntarily provide a brief history and description of any environmental enforcement actions taken by the Department, delegated local program, or federal agency against the applicant and provide a history of any reported releases or spills by the applicant within the past five years. Although a specific format is not required, your brief history and description should contain the following information: State, delegated local or federal program (e.g., EPA, FDEP Hazardous Waste, NPDES, Department of Air Resources, etc.), date and type of enforcement action, if any (e.g., Warning Letter, Notice of Violation, etc.); a brief description of release or spills; a brief description of assessment and cleanup process (e.g., De Minimis Cleanup, Interim Source Removal per rule 62-780.525, F.A.C., etc.); administrative Consent Order (CO) number and date if CO if issued; and date and type of resolution if resolved (e.g., approval of the Interim Source Removal Report, return to Compliance letter, etc.).

A timely and sufficient application and processing fee are due by September 15, 2024 (180 days prior to expiration), in accordance with Rule 62-4.090, F.A.C. If the renewal application is submitted at a later date, it will not be considered timely and sufficient unless it is submitted and made complete
