Good morning Michael,

I hope you had a good weekend! Sorry for the delay in getting back to you on a date, I was out all last week on Vac with very little internet or cell service.

If your schedule will work we would like to visit with you and FLDEP Thursday morning Dec. 7th around 9:30 am. at your Orlando office.

Please let me know and we'll make travel plans.

I look forward to meeting you.

Have a great day,
Steve

Michael,

It was a pleasure speaking with you this morning.

Per our phone conversation.

1. I will work on the noted violations listed on the letter we received this morning relating to your site visit on August 8, 2023, and get those responses back to you in a timely manner.
2. We would like to schedule a meeting at your office with you and the department to discuss a modification to our permit. This modification concerns changing the status of our facility to a Universal Waste Destination Facility and a VSQG instead of an LQG. If possible, we would like to schedule this meeting the week of December 4th, 2023. Please let me know if any day this week will work for your schedules, and I will make travel plans.
3. Please update your records with my below contact information as head of compliance for our Ocala, FL facility removing Susan Richard as the point of contact.

I look forward to meeting you and working with you and FDEP in the near future.

Sincerely,

Steve
