

# WARNING!

## STOP USED OIL ONLY!

**Do Not** add antifreeze, gasoline, engine coolant, pesticides, paint, paint thinner, engine degreasers or cleaners, water, or any liquid other than used oil.

**Do Not** add sand, kitty litter, oil filters, or any other solid materials.

Other liquids and solid materials will contaminate the used oil and make it difficult or impossible to recycle.

### Notes:

Dear Jack,

Attached is the design that was selected by the Used Oil Association. Rick recommended having them printed on something with a mylar backing, to increase longevity. It's pricier, but worth it in the long run. Color-wise, I was thinking of a bright orange or "safety yellow." Rick is still digging up some price quotes, etc. but I wanted to send this along to you so you could start shopping it around.
