Good morning Mr. Moss,

I am working on the report for the inspection of your facility. I noticed you only registered as a used oil transporter and not a transfer facility as well. As a transporter only, you are required to remove used oil from your site within 24 hours (see 62-710.201(11), Florida Administrative Code). Please ensure that used oil is removed from your facility within 24 hours or register as a used oil transfer facility.

Please let me know if you have any questions.

Thank you,

Michael

Hello,

Please see attached as requested. I am still waiting on a certified manifest from Howco Environmental for the load that was picked up on Tuesday October 1st. EMC Oil will be here tomorrow October 4th to pick up 46 barrels of used oil filters.

Please let me know if you need anything else from me at this time.

Thank you,

Chasity Moss
