Tampa, Hillsborough County, Florida

Dear Mr. William Muller:

The purpose of this letter is to provide notice that the permit numbered 330300-008-HO will expire on April 7, 2025. Prior to Sixty (60) calendar days before the expiration of this permit, an application for the renewal of the permit shall be submitted on forms<sup>1</sup> and in a manner prescribed by the Department as stated in your permit. Please ensure that your DEP Form 8700-12FL is current, as this information is reviewed during the permit renewal process.

Your application should voluntarily provide a brief history and description of any environmental enforcement actions taken by the Department, delegated local program, or federal agency against the applicant and provide a history of any reported releases or spills by the applicant within the past five years. Although a specific format is not required, your brief history and description should contain the following information: State, delegated local or federal program (e.g., EPA, FDEP Hazardous Waste, NPDES, Department of Air Resources, etc.), date and type of enforcement action, if any (e.g., Warning Letter, Notice of Violation, etc.); a brief description of release or spills; a brief description of assessment and cleanup process (e.g., De Minimis Cleanup, Interim Source Removal per rule 62-780.525, F.A.C., etc.); administrative Consent Order (CO) number
