SHIPPING PAPER AND PACKAGING INSTRUCTIONS:

1 = These BOLD OUTLINED columns must be filled in by the Shipper. The Shipper is responsible for: (1) filling in the correct number of containers being shipped, (2) circling the type of container being used for shipment (if applicable), and (3) the total weight of the number of containers entered in the first column. Also see "Shipper's Name" below.

Decals: The Decal specified in the "Shipping Decal Required" column on this shipping paper includes the DOT marking and label, and it must be placed on the outside of each container/pallet. NOTE: If an "ISL" is indicated to use, the exact wording shown in the "Shipping Description" column MUST be written on the ISL. Place ISL on the container.

Placards: If the total weight of all the hazardous materials entered in the "Hazardous Material Section" on this shipping paper exceeds 1,000 lbs., the vehicle must be placarded, and the driver MUST have a hazardous materials endorsement on his/her COL license.

Shipper's Name: The Shipper must PRINT and SIGN his/her name, and write the DATE, on this shipping paper in the "Shipper's Certification" section below.

24-HOUR EMERGENCY CONTACT NUMBER: CHEMTREC 1-800-424-9300

SHIPPER'S CERTIFICATION: This is to certify that the above-named materials are properly classified, described, packaged, marked, labeled, and are in proper condition for transportation according to the applicable regulations of the Department of Transport

-- There must be 1 lb. or more of PCB's in the container (e.g., drum, roll-off) to use this shipping name.
If not, select a shipping name in the Recyclable Materials Section below.

TOTAL WEIGHT =
If more than 1,000 lbs.,
see placard instructions below.

RECYCLABLE MATERIALS SECTION: NON-DOT REGULATED MATERIAL

RECYCLABLE MATERIALS SECTION: NON-DOT REGULATED MATERIAL	Quantity	Weight or Volume	Decal #
1 SPENT MERCURY-CONTAINING LAMPS FOR RECYCLING	40	lbs.	Decal #6 (for intact lamps)
SPENT MERCURY-CONTAINING DEVICES FOR RECYCLING (< 1 lb of mercury in the devices)		lbs.	Decal #10 (for broken lamps)
SPENT LIGHTING BALLASTS (< 50 ppm of PCB's in the package)		lbs.	Decal #5
SPENT LIGHTING BALLASTS (> 50 ppm of PCB's and < 1 lb of PCB's in the package)		lbs.	ISL (see decal instruction below)
BATTERIES, DRY (USED SMALL RECHARGEABLE BATTERIES FOR RECYCLING)		lbs.	Decal #8 & ISL (see decal instruction)
MINERAL OIL (< 50 ppm PCB's and < 1 lb of PCB's in the package)		lbs.	Decal #4
OILY DEBRIS (< 50 ppm PCB's and < 1 lb of PCB's in the package)		lbs.	ISL (see decal instruction below)
OILY DEBRIS (> 50 ppm PCB's and < 1 lb of PCB's in the package)		lbs.	ISL (see decal instruction below)
CAPACITORS CONTAINING PCB's (> 50 ppm of PCB's and < 1 lb of PCB's)		lbs.	call your AEC prior to transporting
		lbs.	call your AEC prior to transporting

SHIPPING PAPER AND PACKAGING INSTRUCTIONS:

These BOLD OUTLINED columns must be filled in by the Shipper. The Shipper is responsible for: (1) filling in the correct number of containers being shipped, (2) circling the type of container being used for shipment (if applicable), and (3) the total weight of the number of containers entered in the first column. Also see Shipper's Name below.

Decals: The Decal specified in the "Shipping Decal Required" column on this shipping paper includes the DOT marking and label, and it must be placed on the outside of each container/pallet. NOTE: If an "ISL" is indicated to use, the exact wording shown in the "Shipping Description" column MUST be written on the ISL. Place ISL on the container.

Placards: If the total weight of all the hazardous materials entered in the "Hazardous Material Section" on this shipping paper exceeds 1,000 lbs., the vehicle must be placarded, and the driver MUST have a hazardous materials endorsement on his/her CDL license.

Shipper's Name: The Shipper must PRINT and SIGN his/her name, and write the DATE on this shipping paper in the "Shipper's Certification" section below.

24-HOUR EMERGENCY CONTACT NUMBER: CHEMTREC 1-800-424-9300

SHIPPER'S CERTIFICATION: This is to certify that the above-named materials are properly classified, described, packaged, marked, labeled, and are in proper condition for transportation according to the applicable regulations of the Department of Transport.

Print Name (clearly): **Brian J Hirtler**

Sign Name: *Brian J Hirtler*

Date: **2-7-08**

Note: To order more decals, go to INSP, Corporate Services, Integrated Supply Chain, Forms then Sign & Engraving.

Rev: July, 2005
