Pollution Prevention Project

Dear Ms. Simmons:

The requirements outlined in the Consent Order executed on April 2, 1999 have been completed and expenses for the Pollution Prevention (P2) project detailed in section 9 of the Consent Order have been reviewed. To date, North Florida Oil has exceeded the monetary amount assessed in civil penalties with expenses spent on the approved P2 project. No further action is required at this time.

A follow up inspection will be conducted sometime during the next several months. If there are any questions, please do not hesitate to call me at 407-893-3323.

Sincerely,

Lu Burson
