CONSENT ORDER

This Consent Order (“Order”) is entered into between the State of Florida Department of Environmental Protection (“Department”) and SRM Materials, LLC, (SRM) and Sikes Pipe Co., Inc/The Sand Pit, LLC (Sikes) (collectively, the “Respondents”) to reach settlement of certain matters at issue between the Department and Respondents.

The Department finds the following:

1. The Department is the administrative agency of the State of Florida having the power and duty to protect Florida’s air and water resources and to administer and enforce the provisions of Chapters 373, 378, and 403, Florida Statutes (“F.S.”), and the rules promulgated and authorized in Title 62, Florida Administrative Code (“F.A.C.”). The Department has jurisdiction over the matters addressed in this Order.
2. Respondents are each a corporation and is a “person” within the meaning of Sections 376.301(28) and 403.031(5), F.S.
3. Sikes operated a sand mine on the property commonly known as Sikes Pipe Sand Mine, (“Facility”), and SRM is currently operating the Facility. The Facility is located at Parcel

Number -39N-15-00000000-00-4163-0000 in Washington County, Florida. The Department has assigned Site Number MMR_ 152784 to the Facility.

4. Sikes filed a revised notice of intent to mine and reclamation plan, in accordance with Rule 62C-39, F.A.C., with the Department on April 11, 2007. On April 16, 2007, the Department determined the notice of intent to mine and reclamation plan to be sufficient pursuant to Rule 62C-39, F.A.C.

5. A file review and subsequent mining and reclamation inspection was conducted at Sikes Pipe Co. (The Sand Pit, LLC) in Washington County on July 19, 2019. This inspection and file review revealed that expansion of mining operations had occurred at the Facility without the proper authorizations. Approximately 3.04 acres in upland areas were disturbed by mining activities. An environmental resource permit was not obtained for the expansion of the Facility. A conceptual mining and reclamation plan for the disturbed new surface areas has not been filed. The inspection observed disturbance and extraction had occurred on new surface areas in the center of the Facility.

6. On July 7, 2020, SRM Materials, LLC Concrete purchased the property formerly known as Sikes Pipe Sand Mine.

7. The Department finds the following:

- a. Sikes failed to obtain an environmental resource permit prior to conducting expansion of the Facility, in violation of Rule 62-330.020(2), F.A.C., Section 373.413(2), F.S., and Section 403.161(1)(b), F.S.
- b. Sikes failed to provide a conceptual mining and reclamation plan for review prior to disturbing new surface areas, in violation of Rule 62C-36.003(2)(b) F.A.C., and Section 378.501(2)(a), F.S.

Having reached a resolution of the matter Respondents and the Department mutually agree and it is

Within 120 days of the Department's response to the draft environmental resource permit application and draft conceptual mining and reclamation plan described in subparagraph 8a of this Order, unless another date is approved in writing by the Department for good cause shown by Respondent, an environmental resource permit shall be obtained, or operations in the expanded area shall cease until the proper authorizations are obtained from the Department for the expanded mining activities described in paragraph 5 of this Order.

10. Within 30 days of the effective date of this Order, Respondents shall pay the Department \$6,000 in settlement of the regulatory matters addressed in this Order. This amount includes \$5,000 for civil penalties and \$1,000 for costs and expenses incurred by the Department during the investigation of this matter and the preparation and tracking of this Order. The civil penalties are apportioned as follows:

The Department may demand stipulated penalties at any time after violations occur. Respondents shall pay stipulated penalties owed within 30 days of the Department's issuance of written demand for payment, and shall do so as further described in paragraph 11, below. 14. Respondents shall allow all authorized representatives of the Department access to the Facility at reasonable times upon reasonable notice to Respondents for the purpose of determining compliance with the terms of this Order and the rules and statutes administered by the Department.

15. In the event of a sale or conveyance of the Facility or of the property upon which the Facility is located ("Property"), if all of the requirements of this Order have not been fully

satisfied, Respondents shall, at least 30 days prior to the sale or conveyance of the Facility or Property, (a) notify the Department of such sale or conveyance, (b) provide the name and address of the purchaser, operator, or person(s) in control of the Facility, and (c) provide a copy of this Order with all attachments to the purchaser, operator, or person(s) in control of the Facility. The sale or conveyance of the Facility or Property does not relieve Respondents of the obligations imposed in this Order.

16. If any event, including administrative or judicial challenges by third parties unrelated to Respondent, occurs which causes delay or the reasonable likelihood of delay in complying with the requirements of this Order, Respondents shall have the burden of proving the delay was or will be caused by circumstances beyond the reasonable control of Respondents and could not have been or cannot be overcome by Respondent's due diligence. Neither economic circumstances nor the failure of a contractor, subcontractor, materialman, or other agent (collectively referred to as "contractor") to whom responsibility for performance is delegated to meet contractually imposed deadlines shall be considered circumstances beyond control of Respondents (unless the cause of the contractor's late performance was also beyond the contractor's control). Upon occurrence of an event causing delay, or upon becoming aware of a potential for delay, Respondents shall notify the Department by the next working day and shall, within seven calendar days notify the Department in writing of (a) the anticipated length and cause of the delay, (b) the measures taken or to be taken to prevent or minimize the delay, and (c) the timetable by which Respondents intends to implement these measures. The agreement to extend compliance must identify the provision or provisions extended, the new compliance date or dates, and the additional measures Respondents must take to avoid or minimize the delay, if any. Failure of Respondents to comply with the notice requirements of this paragraph in a timely manner constitutes a waiver of Respondent's right to request an extension of time for compliance for those circumstances.

17. The Department, for and in consideration of the complete and timely performance by Respondents of all the obligations agreed to in this Order, hereby conditionally waives its right to seek judicial imposition of damages or civil penalties for alleged violations up to the date

of the filing of this Order. This waiver is conditioned upon Respondent's complete compliance with all of the terms of this Order.

18. This Order is a settlement of the Department's civil and administrative authority arising under Florida law to resolve the matters addressed herein. This Order is not a settlement of any criminal liabilities which may arise under Florida law, nor is it a settlement of any violation which may be prosecuted criminally or civilly under federal law. Entry of this Order does not relieve Respondents of the need to comply with applicable federal, state, or local laws, rules, or ordinances.

19. The Department hereby expressly reserves the right to initiate appropriate legal action to address any violations of statutes or rules administered by the Department that are not specifically resolved by this Order. Based upon the most recent site inspection conducted prior to execution of this order, the Department is not aware at this time of any such violations at this time. unless a Petition for Administrative Hearing is filed in accordance with Chapter 120, F.S. Upon the timely filing of a petition, this Consent Order will not be effective until further order of the Department.
