Re: CEMEX Construction Materials Florida, LLC – Brooksville South Cement Plant
Waste Tire Processing Facility, **2011** Financial Assurance Cost Estimate
FDEP Permit No. 22787-002-WT Incorporated Into Site Certification PSA82-17

Dear Ms. Madden:

The above referenced facility has experienced no changes the management of waste tires and is operating in compliance with the permit requirements. The maximum quantity of tires allowed to be stored on site is 205 tons. The anticipated disposal cost for the maximum storage quantity is calculated as follows:

2010 Disposal Cost Estimate = \$22,972.09
FDEP Inflation **2011** Multiplier = 1.01
2011 Disposal Cost Estimate (1.01 x \$22,972.09) = \$23,201.81

Should you have any questions and/or comments or require additional information, please contact me at 352-799-7881, ext 104, or gtownsend@cemexusa.com.

Respectfully,

George Townsend
Environmental Manager
