Re: WACS 00053122 Global Tire Recycling Waste Tire Processing Facility

Dear Coordinator:

Enclosed you will find the completed 2011 Financial Assurance Cost Estimate Form for the above referenced facility. Our current trust fund balance with US Bank will be increased sufficiently to cover the inflation adjusted closure cost estimate.

Please let me know if you need any additional information.

Sincerely,  
**Global Tire Recycling of Sumter County, Inc.**

III. ESTIMATE ADJUSTMENT

40 CFR Part 264 Subpart H as adopted by reference in Rule 62-701.630, Florida Administrative Code, (F.A.C.) sets forth the method of annual cost estimate adjustment. Cost estimates may be adjusted by using an inflation factor or by recalculating the maximum costs of closure in current dollars. Select one of the methods of cost estimate adjustment below.

(a) Inflation Factor Adjustment

(b) Recalculated or New Cost Estimates

Inflation adjustment using an inflation factor may only be made when a Department approved closure cost estimate exists and no changes have occurred in the facility operation which would necessitate modification to the closure plan. The inflation factor is derived from the most recent Implicit Price Deflator for Gross National Product published by the U.S. Department of Commerce in its survey of Current Business. The inflation factor is the result of dividing the latest published annual Deflatory by the Deflator for the previous year. The inflation factor may also be obtained from the Solid Waste website [www.dep.state.fl.us/waste/categories/swfr](http://www.dep.state.fl.us/waste/categories/swfr) or call the Financial Coordinator at (850) 245-8706.

This adjustment is based on the Department approved closing cost estimate dated: 7-27-2010

Latest Department Approved Closing Cost Estimate:	Current Year Inflation Factor, e.g. 1.02	Inflation Adjusted Closing Cost Estimate:
\$ <u>78,674</u>	x <u>1.01</u>	= \$ <u>79,461</u>

This adjustment is based on the Department approved long-term care cost estimate dated: \_\_\_\_\_

Latest Department Approved Annual Long-Term Care Cost Estimate:	Current Year Inflation Factor, e.g. 1.02	Inflation Adjusted Annual Long-Term Care Cost Estimate:
_____	x _____	= _____

Number of Years of Long Term Care Remaining: \_\_\_\_\_ x \_\_\_\_\_

Inflation Adjusted Long-Term Care Cost Estimate: \_\_\_\_\_ = \_\_\_\_\_
