

CERTIFICATION

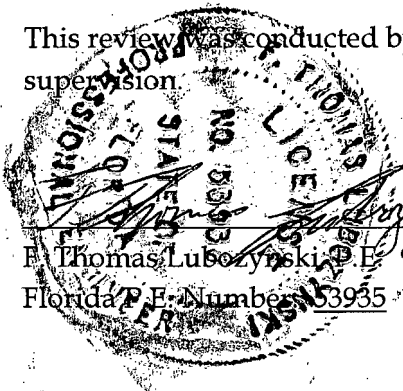

Volusia County - SW WAC # 27540  
Tomoka Farms Road - Class I Landfill  
Approval of Certification of Construction Completion  
North Cell Toe Drain and Temporary Runoff Containment Berm

I HEREBY CERTIFY that the engineering features described in the documents *Tomoka Farms Road Landfill Class I - North Cell Toe Drain and Temporary Runoff Containment Berm Certification of Construction Completion*, dated May 27, 2011 and the *Supplemental Information*, dated June 17, 2011, provide reasonable assurance of compliance with the applicable provisions of Chapter 403, Florida Statutes, and Florida Administrative Code Title 62. The documents were prepared by Ashley Evans, P.E., of HDR Engineering, Inc. It described the construction of a toe drain and temporary runoff containment berm on the North Cell. The as-built survey drawing was signed and sealed by J.E. Zapert, P.L.S. with a survey date of April 8, 2011.

Based upon the inspection of the Department Representative on May 11, 2011, construction of that portion of the toe drain and temporary runoff containment berm, as certified by the Professional Engineer of Record, has been completed and is substantially consistent with plans and specifications submitted by HDR Engineering, Inc. dated March 2011. The constructed section is also consistent with DEP closure permit SF64-0078767-020.

However, I have not evaluated and I do not certify aspects of the proposal outside of my area of expertise (including but not limited to the electrical, mechanical, structural, hydrological, and geological features).

This review was conducted by Brad Whidden and Kimberly Rush working under my direct supervision.

F. Thomas Lubozynski, P.E.
