Approval of ASR Recycling Operations Relocation

Dear Mr. Kaiser:

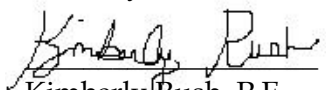

The Department received your confirmation letter dated July 1, 2012 confirming the following regarding the relocation of the ASR Recycling Operations.

1. Upon relocation of the operations, the surface of the current location will be disrupted/tilled in order to facilitate drainage of leachate and to reduce the possibility of a hard pan layer as a result of the ASR operations.
2. The new location of the ASR operations will be in the active landfill footprint. No machinery, fluff, ASR or final product will be located or stored in the partially closed areas of the landfill.

The relocation of the ASR Recycling Operations to the location depicted on Figure 1, received as part of the request titled "Request for Approval – Relocation of Auto Shredder Residual Recycling Operations," dated and received June 25, 2012 is hereby approved.

If you have any questions, please contact me at (407) 897-4314 or by e-mail at [kim.rush@dep.state.fl.us](mailto:kim.rush@dep.state.fl.us).

Sincerely,

  
Kimberly Rush, P.E.
