Hardee County-SW
Hardee County Regional
Sanitary Landfill

40612

Dear Mr. Henderson:

4025C 30001

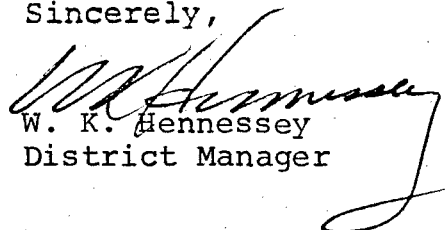

Enclosed is Permit Number SC25-56095, dated 9/27/82,
to construct subject pollution source
issued pursuant to Section 403, Florida Statutes.

Should you object to this permit, including any and all of the conditions contained therein, you may file an appropriate petition for administrative hearing. This petition must be filed within fourteen (14) days of the receipt of this letter. Further, the petition must conform to the requirements of Section 28-5.201, Florida Administrative Code, (see reverse side of this letter). The petition must be filed with the Office of General Counsel, Department of Environmental Regulation, Twin Towers Office Building, 2600 Blair Stone Road, Tallahassee, Florida 32301.

If no petition is filed within the prescribed time, you will be deemed to have accepted this permit and waived your right to request an administrative hearing on this matter.

Acceptance of the permit constitutes notice and agreement that the Department will periodically review this permit for compliance, including site inspections where applicable, and may initiate enforcement action for violation of the conditions and requirements thereof.

Sincerely,

W. K. Hennessey
District Manager

RULES OF THE ADMINISTRATION COMMISSION
MODEL RULES OF PROCEDURE
CHAPTER 28-5
DECISIONS DETERMINING SUBSTANTIAL INTERESTS

PART II
FORMAL PROCEEDINGS

28-5.201 Initiation of Formal Proceedings.

- (1) Initiation of formal proceedings shall be made by petition to the agency responsible for rendering final agency action. The term petition as used herein includes any application or other document which expresses a request for formal proceedings. Each petition should be printed, typewritten or otherwise duplicated in legible form on white paper of standard legal size. Unless printed, the impression shall be on one side of the paper only and lines shall be double-spaced and indented.
- (2) All petitions filed under these rules should contain:
 - (a) The name and address of each agency affected and each agency's file or identification number, if known;
 - (b) The name and address of the petitioner or petitioners, and an explanation of how his/her substantial interests will be affected by the agency determination;
 - (c) A statement of when and how petitioner received notice of the agency decision or intent to render a decision;
 - (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate;
 - (e) A concise statement of the ultimate facts alleged, as well as the rules and statutes which entitle the petitioner to relief;
 - (f) A demand for relief to which the petitioner deems himself entitled; and
 - (g) Other information which the petitioner contends is material.

A petition may be denied if the petitioner does not state adequately a material factual allegation, such as a substantial interest in the agency determination, or if the petition is untimely. (Section 28-5.201 (3) (a), FAC)

PERMIT/CERTIFICATION
NO. SC25-56095

COUNTY: Hardee

PROJECT: Hardee County
Regional Sanitary Landfill

This permit is issued under the provisions of Chapter 403, Florida Statutes, and Chapter 17-7, Florida Administrative Code. The above named applicant, hereinafter called Permittee, is hereby authorized to perform the work or operate the facility shown on the approved drawing(s), plans, documents, and specifications attached hereto and made a part hereof and specifically described as follows:

A Class I landfill of approximately 97.5 acres to serve the entire County, including the municipalities of Bowling Green, Wauchula and Zolfo Springs, with a population of approximately 16,240 (1982). It will be located off Airport Road, 1 mile north of S.R. 64 A. It can be further located as being in Section 35, Township 33 South, Range 25 East.

PERMIT NO.: SC25-56095

APPLICANT: Hardee County Regional Sanitary Landfill

GENERAL CONDITIONS:

1. The terms, conditions, requirements, limitations, and restrictions set forth herein are "Permit Conditions," and as such are binding upon the permittee and enforceable pursuant to the authority of Section 403.161(1), Florida Statutes. Permittee is hereby placed on notice that the department will review this permit periodically and may initiate court action for any violation of the "Permit Conditions" by the permittee, its agents, employees, servants or representatives.

2. This permit is valid only for the specific processes and operations indicated in the attached drawings or exhibits. Any unauthorized deviation from the approved drawings, exhibits, specifications, or conditions of this permit shall constitute grounds for revocation and enforcement action by the department.

3. If, for any reason, the permittee does not comply with or will be unable to comply with any condition or limitation specified in this permit, the permittee shall immediately notify and provide the department with the following information: (a) a description of and cause of non-compliance; and (b) the period of non-compliance, including exact dates and times; or, if not corrected, the anticipated time the non-compliance is expected to continue, and steps being taken to reduce, eliminate, and prevent recurrence of the non-compliance. The permittee shall be responsible for any and all damages which may result and may be subject to enforcement action by the department for penalties or revocation of this permit.

4. As provided in subsection 403.087(6), Florida Statutes, the issuance of this permit does not convey any vested rights or any exclusive privileges. Nor does it authorize any injury to public or private property or any invasion of personal rights, nor any infringement of federal, state or local laws or regulations.

5. This permit is required to be posted in a conspicuous location at the work site or source during the entire period of construction or operation.

6. In accepting this permit, the permittee understands and agrees that all records, notes, monitoring data and other information relating to the construction or operation of this permitted source, which are submitted to the department, may be used by the department as evidence in any enforcement case arising under the Florida Statutes or department rules, except where such use is proscribed by Section 403.111, F.S.

7. In the case of an operation permit, permittee agrees to comply with changes in department rules and Florida Statutes after a reasonable time for compliance, provided, however, the permittee does not waive any other rights granted by Florida Statutes or department rules.

8. This permit does not relieve the permittee from liability for harm or injury to human health or welfare, animal, plant, or aquatic life or property and penalties therefore caused by the construction or operation of this permitted source, nor does it allow the permittee to cause pollution in contravention of Florida Statutes and department rules, except where specifically authorized by an order from the department granting a variance or exception from department rules or state statutes.

9. This permit is not transferable. Upon sale or legal transfer of the property or facility covered by this permit, the permittee shall notify the department within thirty (30) days. The new owner must apply for a permit transfer within thirty (30) days. The permittee shall be liable for any non-compliance of the permitted source until the transferee applies for and receives a transfer of permit.

10. The permittee, by acceptance of this permit, specifically agrees to allow access to permitted source at reasonable times by department personnel presenting credentials for the purposes of inspection and testing to determine compliance with this permit and department rules.

11. This permit does not indicate a waiver of or approval of any other department permit that may be required for other aspects of the total project.

12. This permit conveys no title to land or water, nor constitutes state recognition or acknowledgement of title, and does not constitute authority for the reclamation of submerged lands unless herein provided and the necessary title or leasehold interests have been obtained from the state. Only the Trustees of the Internal Improvement Trust Fund may express state opinion as to title.

13. This permit also constitutes:

- Determination of Best Available Control Technology (BACT)
- Determination of Prevention of Significant Deterioration (PSD)
- Certification of Compliance with State Water Quality Standards (Section 401, PL 92-500)

PERMIT NO.: SC25-56095
APPLICANT: Hardee County Regional Sanitary Landfill

SPECIFIC CONDITIONS:

1. This site will be classified as a Class I landfill and shall be operated in accordance with all applicable requirements of Chapter 17-7, Florida Administrative Code.
2. Water samples from shallow monitoring wells and on-site potable water supply well every six (6) months. These samples shall be analyzed for:
 - a. Conductivity
 - b. Nitrates
 - c. Chemical Oxygen Demand
 - d. Iron
3. The results of these analyses shall be submitted to the Department at 7601 Highway 301 North, Tampa, FL 33610 within ten (10) days after analyses report is received.
4. Additional permeability tests should be performed on the base clay layer, one sample every 500-1000 feet as cells are constructed. If areas appear to be inadequate in their confining properties, adequate clays should be excavated elsewhere and brought in to supplement the "integrity" of the deficient area.
5. No solid waste shall be disposed of at this facility without specific approval by this Department. This approval will be based on submittal of certification of construction completion (DER Form 17-1.122 (14)) or submittal of documentation showing that construction has advanced to a stage which will allow for operation of the facility in conformance with Chapter 17-7, F.A.C.
6. All solid waste shall be properly compacted and covered with a minimum of six (6) inches of compacted earth or other suitable material as approved by the Department, at the end of each working day.
7. The operating authority shall be responsible for the control of odors and fugitive particulates arising from this operation. Such control shall prevent the creation of nuisance conditions on adjoining property.
8. Dumping of solid waste into water shall not be allowed. All trenches shall be kept adequately de-watered while being filled with wastes.
9. There shall be no burning of solid waste on this site without specific authorization from the Department.
10. Any surface waters discharged from this site shall meet the water quality standards of Chapter 17-3.

PERMIT NO.: SC25-56095
APPLICANT: Hardee County Regional Sanitary Landfill

Expiration Date: July 1, 1983

Issued this 27th day of September, 1982
