Subject: Hillsborough County SE Landfill

We have been contacted by Steve Hamilton and Bob Gardner of SCS on head requirements for the SE landfill. They indicated that since this issue was originally an alternate procedure project, they would have to talk with us. Please let me know if we have misunderstood them. Anyway, if this is true, is it possible we could do a site visit and/or meeting around the time for the trip to the Ridge facility? I was thinking either the afternoon of Jan 11 or sometime on Jan 9. What do you think? Also, can we talk about this some day next week by phone? I would like to know what you think about what they told us.

Thanks, and hope you had a good holiday.
