Marion County – SW  
Friends Recycling, LLC – C&D Disposal & Recycling  
Permit Application No. SO42-0019600-007  
Second Request for Additional Information

Dear Mr. Laurencio:

The normal schedule for Friends semi-annual groundwater monitoring is February and August. My January 18, 2008 e-mail, "RE: Friends Recycling OCD-SW-08-0040," clearly stated the February event must be accomplished. (A copy of the e-mail is attached.)

Friends is required to notify the Department at least 14 days prior to the sampling event. I do not recall receiving notification of sampling being scheduled at the Friends facility. Was the sampling event accomplished? If not, why not and when will it be scheduled. If yes, why was the Department not notified?

Friends is required to notify the Department before any wells are abandoned or drilled. Have you abandoned the wells MW-2, MW-2R, MW-3, or MW-4? If yes, why was the Department not notified? If no, when will the work be scheduled?

Have the new wells been drilled? If yes, when? Was a professional geologist onsite throughout the drilling activity to log the boring? If no, when will the activity be scheduled?

If you have any questions, please contact me at 407-893-3328.

Sincerely,

F. Thomas Lubozynski, P.E.  
Waste Program Administrator
