2007 Annual Report for a Yard Trash Processing Facility

Dear Sir or Madam:

Enclosed please find the 2007 Annual Report for the Lee County Yard Waste Processing and Recycling Facility. Please note that items 8 and 10 are actual weights measured by our scale. Item 9 is an estimate, assuming 2% of the incoming yard trash was lost due to processing. Item 11 is an estimate based on year end measurement of the material on site. Item 7 was adjusted to match the actual and estimated tonnages.

The Lee County Solid Waste Division contracts with Thelin Recycling Co. to process our yard waste on site and haul the processed mulch to the New Hope Power facility located in South Bay, FL.

If you have any questions or require additional information, please call me at (239) 338-3302.

Sincerely,

William T. Newman
Operations Manager
Solid Waste Division
