Subject Site: Enterprise Class III Landfill and Recycling Facility (Angelo's Recycled Materials) Fourth Quarter 2012 LEL Data

Dear Mr. Arnold,

Ideal Tech services, Inc. (ITS) is pleased to present the following notes pertaining to the site of Enterprise Class III Landfill and Recycling Facility (Angelo's Recycled Materials). The fourth quarterly landfill gas monitoring event of 2012 was performed on 12/21/2012.

12/21/12 Friday:

0912 - ITS personnel C. Monaco completed calibration of the gas meter and entered the site to begin landfill gas monitoring. On this day all of the Landfill Gas wells and the Scale House were measured for % LEL as required by the permit. The results of the measurements are presented in the table located in Attachment A. The initial instrument calibration was performed at the site and the exit calibration was performed at the Ocala office. The calibration record for the instrument is included in Attachment B.
1130 - ITS personnel logged offsite.

Please don't hesitate to contact us with any questions you may have about the enclosed documents.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read "C. Monaco".

Christopher J. Monaco
