Subject: RE: Deliverable: Gulf Beauty GWMR Subtask 4, DC004A, ERIC4603

Hi Clint,

I've completed a review of the Groundwater Monitoring Report completed as the deliverable for HW681 DC004A Subtasks 1-4. The report is approved. Please submit an invoice in the amount of \$13,887.26 for the satisfactory completion of this deliverable.

I agree with your recommendation to continue biennial groundwater monitoring. The report did a great job of succinctly summarizing the field event and conveying the proposed path forward for the site, however, in future reports, more attention should be given to the interpretation of the estimated chlorinated solvent plume extents.

Best Regards,

Walsta Jean-Baptiste
