COMMENTS:

09/17/2013

A Compliance Inspection was performed at the Waste Tire Processing Facility on 9/17/2013.

The facility operates under Permit No.0245850-002-WT/05 issued 10/31/2012 and expires 10/31/2017.

The facility operates under Alternate Procedure (Case SWAP-04-02) as stated in Specific Condition No. 10 in the permit.

Inspection Date: 09/17/2013

During the inspection, I reviewed two fire inspection reports that were conducted by the City of Avon Park Fire Department on 1/14/2013 and 7/25/2013 in accordance with Specific Condition No. 10 in the permit.

The Department received an updated site map to represent current site conditions as requested in the last inspection report conducted on 9/18/2012 and is included in the permit package in OCULUS.

The facility was in compliance at the time of the inspection.

Attached to this report is the NFPA231D- Standard for Storage of RubberTires, Operational Requirement for the City of Avon Park.
