RE: Waste Tire Facility Annual Report- Permit No. 126787-004-WT/02

Dear Mr. Partin:

This correspondence provides a revision to the annual report submitted on January 15, 2014 for Hillsborough County's Waste Tire Processing Facility for 2013, Permit No. 126787-004-WT/02. Provided is the amount of tire tonnage received at the County's Waste Tire Processing Facility (WTPF) and the amount of tires shredded. The County has revised the amount of tire chips sent to the Resource Recovery Facility after receiving new information. We've also revised the total year end balance of shredded tires remaining onsite.

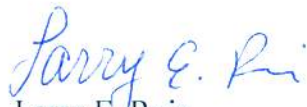

The 2013 year at the County's WTPF began with an existing stored balance of 635.94 tons of whole tires. A total of 1,689.39 tons of tires were received in 2013, bringing the total tonnage to 2,325.33. Of the 2,325.33 tons of tires; 2,104.21 tons of tires were shredded; 104.98 tons of truck tires were disposed of at the landfill; 31.07 tons of rims were taken to an offsite recycling company; and 85.07 tons of whole tires remained onsite waiting to be processed.

The 2013 year also began with an existing balance of 3,378.49 tons of stored shredded tires. A total of 1,270.64 tons of shredded tires were used as a fuel source at the County's Resource Recovery Facility, leaving a year end balance of 4,212.06 tons of stored shredded tires to be used for future landfill construction projects.
