J.E.D. Solid Waste Management Facility
Approval of Closing and Long-Term Care Cost Estimates – Cell 10

Dear Mr. Kaiser:

The Department has reviewed the document “Financial Assurance Cost Estimates Update, Construction of Cell 10 Disposal Area” for the J.E.D. Solid Waste Management Facility – Cell 10, dated May 5, 2014. The submittal was a closing cost estimate and long-term care cost estimate for the upcoming operation of Cell 10. The cost estimates were based upon inflation adjusted unit costs associated with the Cell 9 detailed cost estimate, dated August 5, 2013.

For Cell 10, the closing cost is estimated at \$1,531,237.68 and the long-term care cost for 30 years is estimated at \$258,049.35. The cost estimates are approved by the Department. The total amount now required for the entire Class I Landfill financial mechanism is \$11,115,391.63 for closing and \$9,978,936.25 for 30 years of long-term care.

The documentation to demonstrate financial assurance must be sent to Susan Eldredge, FDEP Solid Waste Section, MS-4565, 2600 Blair Stone Road, Tallahassee, Florida 32399.

The above approved cost estimates satisfy part of the requirement of Specific Condition 2.F.1. in permit SO49-0199726-022. Additionally, the financial mechanism must be funded, written approval of the financial assurance mechanism received, and Department approval of the construction certification received prior to waste acceptance in Cell 10.
