North Cell Landfill LGCS – Phase I  
**Approval of Certification of Construction Report**

Dear Mr. Marion:

The Department has completed the review of the report titled “Report of Construction, February 2014 – May 2014, North Cell Landfill Gas Construction, Master Plan Phase I.” The report was dated August 1, 2014 and received by the Department on August 4, 2014. The report and DEP Form 62-701.900(2) were signed and sealed by Mr. Junos Reed, P.E., of Volusia County. Form 62-701.900(2) describes work included in the LGCS Master Plan Phase I, but not completed in this construction event (mainly EW13R to EW5 connections).

On February 21, 2014, the Department conducted a construction inspection for the above referenced project. The inspection report was transmitted to the county on February 28, 2014 via email. Therefore, based upon the Report, the construction inspection conducted on February 21, 2014, and the signed and sealed certification, the Department concurs that the North Cell landfill gas collection system construction, Phase I, has been completed and is substantially consistent with the intent, plans, and specifications.

If you have any questions, please contact Kim Rush at (407) 897-4314 or by e-mail at [kim.rush@dep.state.fl.us](mailto:kim.rush@dep.state.fl.us).

Sincerely,

Kimberly Rush, P.E.
