Mr. James Bradner, P.E.  
FDEP Solid Waste  
Central District  
3319 Maguire Blvd., Ste. 232  
Orlando, Florida 32803-3767

Subject: Minor Modification  
Permit Nos. SC48-0165969-001 & SO48-0165969-002

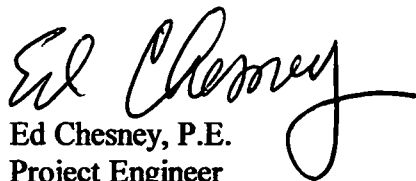

Dear Mr. Bradner:

We had originally requested a temporary suspension of our time sensitive permit conditions until such time that our Orange County Solid Waste permit was issued on the above referenced subject. That request was for the suspension of the Monitoring Plan implementation which is required to begin within 60 days from the date of permit issuance. Based on conversations with Waste Management Inc., who will ultimately operate this facility we are 18 to 24 months from receiving waste at this site.

We request at this time to modify our permit with respect to implementation of the approved Monitoring Plan. We propose to implement the approved plan and provide the FDEP with the required reports 90 days before waste is to be received at this site.

Also attached are the required modification fees. If you have any questions concerning this request please feel free to contact me at 407-296-0016.

Sincerely,

  
Ed Chesney, P.E.  
Project Engineer
