Re: WACS 87104 – Taft Recycling, Inc.

Dear Mr. Kaiser:

I reviewed the documentation submitted to demonstrate financial assurance for the above referenced facility and find it is in order. Evergreen National Indemnity Company insurance certificate, dated April 12, 2010, identifying policy number 555249, demonstrates adequate financial assurance. As required by the Orange County Interlocal Agreement, the financial assurance covers the higher of the closing costs associated with the approved Orange County and Department of Environmental Protection estimates: \$111,828.30 for closing. Therefore, Taft Recycling, Inc. is in compliance with the financial assurance requirements of 40 CFR Part 264, Subpart H, as adopted by reference in Rule 62-701.630, Florida Administrative Code and the terms of the Orange County Interlocal Agreement, at this time.

If you have any questions, please contact me at (850) 245-8745.

Sincerely,

Frank Hornbrook

Mr. Kaiser,

I have now received 2010 approved estimates both from DEP and Orange County for the above referenced facility. The higher of the two estimates is the DEP estimate of \$111,828.30. This is still lower than the current financial assurance on file in the amount of \$138,177.34.

Therefore at your request I will prepare an authorization letter to lower the financial assurance for the facility to the new approved amount.

For permit issuance issues the facility is now in financial assurance compliance with DEP and Orange County.

Please let me know if you would like to request this reduction.

Thank you,

Frank Hornbrook
