Waste Tire Processing – Relocation of Storage Area  
**Approval of Certification of Construction Completion**

Dear Mr. Kaiser:

The Department has completed the review of the certification of construction completion for the relocation of the waste tire storage area at the J.E.D. Solid Waste Management Facility. The documents reviewed which describe the details of the relocated waste tire storage area construction received by the Department on October 7, 2014 include the following:

- FDEP As-Built Certification of Construction Completion of a Solid Waste Management Facility (DEP Form 62-701.900(2)), submitted by Kimley Horn & Associates. The Certification form was signed and sealed on September 4, 2014 by the Professional Engineer of Record, Robert B. Conerly, P.E.
- Signed and sealed As-Built Survey, Waste Tire Storage Area.

Based upon the review of the above submittals, the Department concurs that the construction of the relocated waste tire storage area has been completed and is substantially consistent with associated plans and specifications.

If you have any questions, please contact me at (407) 897-4314 or by email at [kim.rush@dep.state.fl.us](mailto:kim.rush@dep.state.fl.us).

Sincerely,

Kimberly Rush, P.E.
