Re: Request for Variance from the January 1, 1992,
Yard Trash Ban from Class I Landfills

Dear Mr. Hinkley:

On December 10, 1992, an Application for Variance was mailed to your office by the Chairman of our Board of County Commissioners.

The purpose of this letter is to reinforce to your office Manatee County's intention to define a county-wide program of waste reduction that will include yard waste, as noted in our official letter of request.

Due to the variables stated in that letter, and until a decision has been rendered by your office, it will be Manatee County's understanding that we will be, in theory, in compliance with the Rule and exempt from the mandate.

We look forward to hearing from your office regarding this matter at your very earliest opportunity. Thank you for your consideration of our request.

Sincerely,

Richard A. Wilford
Director of Public Works
