Osceola County – SW WACS # 89544  
J.E.D. Solid Waste Management Facility  
Class I – Cell 11 Construction

**Approval of Certification of Construction Completion Report – Cell 11**  
**Approval to Accept Waste in Cell 11**

Dear Mr. Kaiser:

The Department has completed review of the following documentation submitted on your behalf by Brantley Engineering, LLC.

- Final Certification Report for Cell Construction and Quality Certification Report, dated and received 9/3/15
- Supplemental Documentation to the Final Certification Report for Cell Construction and Quality Certification Report dated 10/1/15 and received 10/2/15

Based upon the review of the above submittals and certification by Allan Brantley, the Professional Engineer of Record, the Department has no objection to the Certification of Completion of a Solid Waste Management Facility contained in the report dated 9/3/15. The Department concurs that the facility has completed construction of Cell 11 and that it is substantially consistent with plans and specifications approved in DEP Permit No. 0199726-023-SC-MM.

As documented by the Department's letter dated September 16, 2015, the facility has demonstrated financial assurance for the facility, including Cell 11. Therefore, as of the date of this letter, Cell 11 is hereby authorized to accept waste.
